—FOR THE STUDENT—

The **QUICK-WORD® Handbook for Beginning Writers** contains the basic 330 high-use words that new writers need. Each word is introduced along with a sentence that uses the word in context. Each sentence is made from the basic words only. The sentence helps the student establish both the meaning of the word and the use of the word in a sentence. Space is also provided for beginning writers to add their own important words. Eight special pages appear at the back of the handbook. These pages feature related words that are also useful to new writers.

For more advanced writers, the authors suggest using **The QUICK-WORD® Handbook for Everyday Writers**, which contains 1,220 high-use writing words. To order this handbook, ask for catalog number 132.
